CLUB AVAILABLE FOR HIRE

The modern game of Petanque commenced in 1910 at La Ciota, France. The World Championships are played each year with up to 40 countries competing. Australia is usually placed in the top 25 countries. In South Australia there are 9 clubs who play regular interclub competitions to determine the best club in SA.

How to play Petanque

Petanque is played in teams of two players with 3 boules each OR teams of three players with 2 boules each.

3. The second team tries to get their boules closer to the cochonnet. The team farthest away from the cochonnet continues to throw until one of their boules is closest.

Players throw keeping BOTH feet on the ground inside a 50cm circle.

1. A coin toss decides who plays first. The first team throws the cochonnet (jack) a distance of 6 - 10m in any direction.
2. The first team throws a boules towards the cochonnet.

4. Play continues until both teams run out of boules.

5. One point is scored for the boules closest to the cochonnet. The winning team scores points for each boules that is closer to the cochonnet than the closest boules from the other team.

6. The winning team starts the next game from a 50cm circle from where the cochonnet was the game before.

7. More rounds are played until either team reaches 13 points and wins the match!
